Joint / phalanx mapping
MCP / proximal
PIP / middle
DIP / distal
(a) Differential cable command
Command (mm)
Time (s)
(b) Finger configuration
Joint angle (deg)
Time (s)
(c) Cable constitutive tensions
Reference tension (N)
Time (s)
(d) Cable and joint passive torque
Passive torque (mN m)
Time (s)
(e) Joint-limit reaction torque
Limit reaction (mN m)
Time (s)
(f) Body-parent transmitted load
Internal resultant force (N)
Time (s)
